2. A pen fee of \$2 per head is required with all registrations. Make checks payable to "Hookstown Fair"
3. **MAIL ONLY** will be accepted and must be postmarked by July 15th.
4. Advance registration for all class entries **MUST** be on this form.
5. All entries may be limited to space availability

YOUTH ANIMAL COSTUME CONTEST on Saturday		
Yes	or	No

I attest and affirm that a "veterinary-client-patient relationship" - as that phrase is defined in the Animal Exhibition Sanitation Law found at 3 Pa.C.S.A. § 2501 et seq. and any amendments thereto - exists with regard to any animals I will be exhibiting.

# DEPARTMENT 10

## 4-H AND VOCATIONAL

**Eligibility:** 4-H club members must have passed their eighth birthday but must not have passed their 19th birthday as of January 1st. Exhibitors must be 4-H members carrying a project in the field in which they wish to make entry and be under the supervision of their State University Cooperative Extension Service by their designated deadline. Open Class rules, regulations and entry times apply for all 4-H and Vocational Livestock Projects. Be sure to use only grooming products that are approved for use on meat and dairy animals when fitting your animals for show. Unapproved products may contain ingredients that result in unacceptable residues in the meat or milk. For exhibits, including live animals, please refer to the Beaver County 4-H Project Directory and/or the project book for project completion requirements not listed on the website or Department 10 information printed from the website. **EXHIBITORS MAY NOT SHOW IN BOTH DEPARTMENT 10 4-H AND DEPARTMENT 8 OPEN.**

**Note:** Entry fees will not be charged for 4-H entries, only when the animal has been entered in open or youth classes.

### Section A-8B – POULTRY

1. Each Beaver County 4-H and FFA poultry project member **MUST** be in good standing. Entries are limited according to coop space.
2. Exhibits are permitted to enter only 2 animals per class. Entries may be limited to space availability.
3. The American Standard of Perfection of the American Poultry Association and the Bantam Standard of the American Bantam Association will govern poultry judging.
4. Exhibitors must supply their own food and bedding.

Class .....	1st	2nd	3rd	4th	5th
100. Chicken - Cock hatched before 1/1/17 .....	6	5	4	3	2
200. Chicken - Cockerel hatched after 1/1/17 .....	6	5	4	3	2
300. Chicken - Hen hatched before 1/1/17 .....	6	5	4	3	2
400. Chicken - Pallet hatched after 1/1/17 .....	6	5	4	3	2
500. Champion & Reserve Chicken .....	ROSETTE				
600. Bantam - Cock hatched before 1/1/17 .....	6	5	4	3	2
700. Bantam - Cockerel hatched after 1/1/17 .....	6	5	4	3	2
800. Bantam - Hen hatched before 1/1/17 .....	6	5	4	3	2
900. Bantam - Pallet hatched after 1/1/17 .....	6	5	4	3	2
1000. Champion & Reserve Bantam .....	ROSETTE				
1100. Ducks – Old Drake hatched before 1/1/17 .....	6	5	4	3	2
1200. Ducks – Young Drake hatched after 1/1/17 .....	6	5	4	3	2

### Section A-8C – POULTRY SHOWMANSHIP

Beaver County 4-H and FFA Market Poultry members may show in the showmanship contest provided the animal has been carried as a project and was exhibited in Section A-8B.

Class .....	1st	2nd	3rd	4th	5th
100. Exhibitors Ages 15 & over .....	5	4	3	2	1
200. Exhibitors Ages 12, 13 & 14 .....	5	4	3	2	1
300. Exhibitors 8, 9, 10 & 11 .....	5	4	3	2	1
400. Grand Champion Showman .....	ROSETTE OR TROPHY				

## Poultry Health Rules and Requirements

**All animals showing clinical signs of contagious, infectious or parasitic diseases will not be admitted to any show or other fair event.**

**All drug and vaccine labels directions must be followed, including but not limited to milk and slaughter withdrawal periods. The vaccine must be administered at least 15 days prior to entry into the fair.**

### **Pennsylvania Poultry Requirements:**

1. All Pennsylvania poultry, including chickens, turkeys, waterfowl, and upland game birds entering an exhibition must bear an official PDA-issued leg band. Ratites must be identified with a neck band or an electronic implant device (the exhibitor must supply a reader).

**2. An owner-endorsed poultry health certificate or a Certificate of Veterinary Inspection (health certificate) must accompany all Pennsylvania poultry, including chickens, turkeys, waterfowl, upland game birds, and ratites. The certificate must include the following:**

- Name and location of exhibition; and
- Name, address, and telephone number of the owner; and
- A statement that their entries and their flock of origin are free of evidence of infectious and contagious diseases; and
- Owner signature and date of that signature.

**3. An Animal Owner or Caretaker's Verification of Veterinarian-Client-Patient Relationship (VCPR) statement for the animals being exhibited must be included on the fair registration form.**

4. Avian Influenza Clean Testing and Verification (all samples must be collected by a Certified Poultry Technician or a Category II Accredited Veterinarian).

- All poultry, including chickens, turkeys, waterfowl, upland game birds, and ratites (*pigeons/doves excluded*) for exhibition must originate from a flock in which a random, representative sample of a minimum of 30 birds, 3 weeks of age or older, were tested for avian influenza within the 30 days prior to opening date of the exhibition. The birds or hatching eggs must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If there are fewer than 30 birds in the flock, test all birds. For waterfowl, cloacal swab samples must be collected for testing, and the swabs may be tested using PCR techniques. Swabs from geese and ducks may not be combined in a tube for testing. Birds shall not be comingled with untested or A1-positive birds after negative samples have been collected and before the show.

5. Pullorum-Typhoid Clean Testing and Verification (*pigeons/doves and waterfowl excluded*). (All samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian).

- All poultry, including chickens, turkeys, upland game birds, and ratites (*pigeons/doves and waterfowl excluded*) must originate from a flock in good standing in the NPIP Pullorum-Typhoid Clean Program or from a flock in good standing in the PA Pullorum Equivalent Program and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If the rapid whole-blood plate agglutination test was done, the most recent 9-2 or state equivalent form must accompany the birds (copy acceptable). Test results must be negative. If birds are less than one year of age and originate from an NPIP Clean hatchery, they do not have to be tested for pullorum if they are accompanied by a 9-3 form from that hatchery and any additions to the flock were also from NPIP Clean sources. The NPIP number must be noted on the report for NPIP Pullorum-Typhoid Clean flocks;

OR

- All individual birds (*pigeons/doves and waterfowl excluded*) for exhibition (maximum of 300) must have had a pullorum-typhoid test within the 90 days prior to the opening date of the exhibition. The birds must be accompanied by the most recent test report or state equivalent form for the rapid test (copies acceptable). Test results must be negative. The following age restrictions apply to comply with NPIP standards:
  - Chickens shall be tested at 4 months of age or older.
  - Turkeys shall be tested at 12 weeks of age or older.
  - Game birds shall be tested at 4 months of age or older, or upon sexual maturity, whichever comes first.
  - Ratites shall be tested at 12 months of age or older.
  - All birds not meeting these age restrictions at the time of sampling are exempt from pullorum testing requirements.

### **Out of State Poultry Requirements:**

1. All poultry, including chickens, turkeys, waterfowl, upland game birds, and pigeons/doves entering an exhibition must bear an individual identification leg band (official state-issued leg bands are required for pullorum-tested poultry). Ratites must be identified with a neck band or an electronic implant device (the exhibitor must supply a reader).

**2. An owner-endorsed poultry health certificate or a Certificate of Veterinary Inspection (health certificate) must accompany all Pennsylvania poultry, including chickens, turkeys, waterfowl, upland game birds, and ratites. The certificate must include the following:**

- Name and location of exhibition; and
- Name, address, and telephone number of the owner; and
- A statement that their entries and their flock of origin are free of evidence of infectious and contagious diseases; and
- Owner signature and date of that signature.

**3. An Animal Owner or Caretaker's Verification of Veterinarian-Client-Patient Relationship (VCPR) statement for the animals being exhibited must be included on the fair registration form.**

4. Avian Influenza Clean Testing and Verification (all samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian. Poultry, waterfowl, upland game birds, and ratites (*pigeons/doves excluded*) shall only be allowed into the Commonwealth and the exhibition after meeting one of the following requirements:

- The birds originate from a flock in good standing in the NPIP Avian Influenza Clean program (the flock must be participating in the NPIP AI Clean program-it is not considered to be a clean flock if only originating from a clean breeder flock or hatchery) and the shipment is accompanied by a USDA form 9-3 or equivalent Department-approved form;

OR

- The birds originate from a flock that participates in an equivalent avian influenza monitoring program and the shipment is accompanied by a document from the state, nation, or province of origin indicating participation;

OR

- The birds originate from a flock in which a minimum of 30 birds, 3 weeks of age or older, were tested negative for avian influenza within the 30 days prior to the date of importation and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If there are fewer than 30 birds in the flock, test all birds. *For ducks and geese, cloacal swab samples must be collected for testing, and the swabs may be tested using virus isolation (ducks and geese) or PCR (domestic ducks only) techniques.*

5. Pullorum-Typhoid Clean Testing and Verification (*pigeons/doves excluded*). (All samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian):

- All poultry, upland game birds, and ratites (*pigeons/doves excluded*) must come from NPIP Pullorum-Typhoid Clean flocks and the birds must be accompanied by a USDA form 9-3 or equivalent Department-approved form;

OR

- All individual birds (*pigeons/doves excluded*) for exhibition (maximum of 300) must have had a negative pullorum-typhoid test within the 30 days prior to the date of importation. The birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If the rapid whole-blood plate agglutination test was done, the most recent 9-2 form must accompany the birds (copy acceptable). Test results must be negative. If birds are less than one year of age and originate from an NPIP Clean hatchery, they do not have to be tested for pullorum if they are accompanied by a 9-3 form from that hatchery and any additions to the flock were also from NPIP Clean sources. The following age restrictions apply to comply with NPIP standards:

- Chickens shall be tested at 4 months of age or older.
- Turkeys shall be tested at 12 weeks of age or older.
- Game birds and waterfowl shall be tested at 4 months of age or older, or upon sexual maturity, whichever comes first.
- Ratites shall be tested at 12 months of age or older.
- All birds not meeting these age restrictions at the time of sampling must come from a flock in which all of the eligible birds in the flock (up to 300) have been test negative within the 90 days prior to the date of importation.

AAI-50 (Rev1/2013)

**OFFICIAL OWNER ENDORSED POULTRY HEALTH CERTIFICATE FOR ALL EXHIBITION POULTRY, WATERFOWL, UPLAND GAME BIRDS, RATITES, AND PIGEONS**

A completed owner-endorsed poultry health certificate must accompany all poultry, waterfowl, upland game birds, ratites, and pigeons to an exhibition. The certificate must be presented to exhibition management prior to cooping of the birds. This certificate *must* be endorsed with the bird owner's signature.

The following information is required:

**1. Exhibition Information:**

a. Name of exhibition: \_\_\_\_\_

b. Address of exhibition: \_\_\_\_\_  
Street, Route, or Box Number

\_\_\_\_\_ City State Zip

**2. Owner Information:**

a. Owner name: \_\_\_\_\_

b. Owner address: \_\_\_\_\_  
Street, Route, or Box Number

\_\_\_\_\_ City State Zip

c. Owner telephone number: (\_\_\_\_) \_\_\_\_\_ - \_\_\_\_\_

d. Owner email address: \_\_\_\_\_

**3. Verification of Testing for PENNSYLVANIA Birds:**

A. Avian Influenza Clean Testing and Verification. All samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian:

- All poultry, waterfowl, upland game birds, and ratites, (*pigeons excluded*) for exhibition must originate from a flock in good standing in the Pennsylvania Avian Influenza Monitored Flock program, or from a flock in good standing in the NPIP Avian Influenza Clean program (the flock must be participating in the NPIP AI Clean program-it is not considered to be a clean flock if only originating from a clean breeder flock or hatchery), and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. The NPIP or AI Mon. flock number must be noted on the report;

OR

- The birds must originate from a flock in which a minimum of 30 birds, 3 weeks of age or older, were tested negative for avian influenza within the 6 months prior to opening date of the exhibition and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If there are fewer than 30 birds in the flock, test all birds. *For ducks and geese, cloacal swab samples must be collected for testing, and the swabs may be tested using virus isolation (ducks and geese) or PCR (domestic ducks only) techniques.*

B. Pullorum-Typhoid Clean Testing and Verification (*pigeons and waterfowl excluded*). All samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian:

- All poultry, upland game birds, and ratites (*pigeons and waterfowl excluded*) must originate from a flock in good standing in the NPIP Pullorum-Typhoid Clean Program or from a flock in good standing in the PA Pullorum Equivalent Program and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. The NPIP number must be noted on the report for NPIP Pullorum-Typhoid Clean flocks. If bird-side rapid plate testing was done, the most recent 9-2 or state equivalent form must accompany the birds (copy acceptable). Test results must be negative;

OR

- All individual birds (*pigeons and waterfowl excluded*) for exhibition (maximum of 300) must have had a negative pullorum-typhoid test within the 90 days prior to the opening date of the exhibition. The birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. The following age restrictions apply to comply with NPIP standards:
  - Chickens shall be tested at 4 months of age or older.
  - Turkeys shall be tested at 12 weeks of age or older.
  - Game birds shall be tested at 4 months of age or older, or upon sexual maturity, whichever comes first.

- Ratites shall be tested at 12 months of age or older.
- All birds not meeting these age restrictions are exempt from pullorum testing requirements.

**4. Verification of Testing for OUT-OF-STATE Birds:**

- A. Avian Influenza Clean Testing and Verification: All samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian. Poultry, waterfowl, upland game birds, and ratites (*pigeons excluded*) shall only be allowed into the Commonwealth and the exhibition after meeting one of the following requirements:
- The birds originate from a flock in good standing in the NPIP Avian Influenza Clean program (the flock must be participating in the NPIP AI Clean program-it is not considered to be a clean flock if only originating from a clean breeder flock or hatchery), and the shipment is accompanied by a USDA form 9-3 or equivalent Department-approved form;
- OR
- The birds originate from a flock that participates in an equivalent avian influenza monitoring program and the shipment is accompanied by a document from the state, nation, or province of origin indicating participation;
- OR
- The birds originate from a flock in which a minimum of 30 birds, 3 weeks of age or older, were tested negative for avian influenza within the 30 days prior to opening date of the exhibition and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If there are fewer than 30 birds in the flock, test all birds. *For ducks and geese, cloacal swab samples must be collected for testing, and the swabs may be tested using virus isolation (ducks and geese) or PCR (domestic ducks only) techniques.*
- B. Pullorum-Typhoid Clean Testing and Verification (*pigeons and waterfowl excluded*). All samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian:
- All poultry, upland game birds, and ratites (*pigeons and waterfowl excluded*) must come from NPIP Pullorum-Typhoid Clean flocks and the birds must be accompanied by a USDA form 9-3 or equivalent Department-approved form;
- OR
- All individual birds (*pigeons and waterfowl excluded*) for exhibition (maximum of 300) must have had a negative pullorum-typhoid test within the 90 days prior to the opening date of the exhibition. The birds must be accompanied by the test report (copy acceptable). Test results must be negative. If bird-side rapid plate testing was done, the most recent 9-2 form must accompany the birds (copy acceptable). Test results must be negative. The following age restrictions apply to comply with NPIP standards:
    - Chickens shall be tested at 4 months of age or older.
    - Turkeys shall be tested at 12 weeks of age or older.
    - Game birds shall be tested at 4 months of age or older, or upon sexual maturity, whichever comes first.
    - Ratites shall be tested at 12 months of age or older.
    - All birds not meeting these age restrictions must come from a flock in which all of the birds in the flock have been test negative within the 90 days prior to the exhibition.

**5. Bird identification:** All poultry, waterfowl, upland game birds, and pigeons entering an exhibition must bear an individual identification leg band. Ratites must be identified with a neck band or an electronic implant device (the exhibitor must supply a reader).

**6. Verification of flock health status:**

All poultry, waterfowl, upland game birds, ratites, and pigeons for exhibit or display are part of a flock which is free from evidence of contagious diseases.

**7. Verification of pigeons:**

Description of pigeons (number, age, color, gender): \_\_\_\_\_

**8. Owner Endorsement:**

I certify that the above information represents a true and accurate statement regarding my bird(s) and their home flock(s). I further attest and affirm that a "veterinary-client-patient relationship" – as that phrase is defined in the Animal Exhibition Sanitation Law found at 3 Pa.C.S.A. § 2501 *et seq.* and any amendments thereto – exists with regard to any poultry, waterfowl, upland game birds, ratites and pigeons I will be exhibiting.

**Owner Signature:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**To report illness or mortality in your flock, call the Pennsylvania Department of Agriculture at 717-772-2852.**

Additional health certificates are available from the nearest Department of Agriculture regional office or at [www.agriculture.state.pa.us](http://www.agriculture.state.pa.us).
